

CAMERON

BREAKING NEW GROUND

Landscape Estimator

An exciting opportunity has opened for a Landscape Estimator to join our well-established and dynamic team at Cameron producing estimates for domestic and commercial landscaping projects. Based in Notting Hill, Cameron is a successful domestic and commercial garden design, build and maintenance company established over 30 years ago.

The candidate should have knowledge of the landscape industry with soft and hard experience. be happy to work as part of a team, have previous knowledge of pricing works, be methodical, computer literate and possess a mathematical and practical approach to this role. A junior Estimator will report into this role.

Excellent opportunity for someone looking to develop their career and grow in estimation with a leading contractor within the landscape construction industry.

Role and Responsibilities:

- Support the Project Managers with quotations; entering quantities and pricing for line items.
- Researching the cost of items such as materials, transport, labour and equipment
- Establishing and maintaining relationships with contractors and vendors
- Getting quotes from suppliers and contractors within a specified time frame
- Provide provisional costings for new leads/enquiries
- Conduct an analysis for each project comparing initial quotes/PC sums to finished costs for the PM team to learn from any pitfalls
- Contribute to creating a pricing document for ease of quotations
- Resourcing and procurement of materials and developing relationships with suppliers and manufacturers
- Supporting the PM department in preparing, implementing and managing health & safety and quality procedures e.g CDM, RAMs etc for all projects ahead of installation

Skills and Experience:

Essential:

- At least 2 + years' experience within the landscaping, construction industry
- High level of organisation and efficient time management
- Excellent attention to detail, good communication skills
- Accuracy with numeracy, ability to analyse data, critical thinking
- Confident IT skills and use of all Microsoft Packages; particularly Excel
- Ability to multi-task and flexibility to re-prioritise
- Customer handling and negotiation skills
- Team player with ability to work independently

Desirable:

- Experience reading and understanding technical design packages and translating them into quotations/ provisional costs
