

Freelance Designer/CAD Technician

An exciting opportunity has opened for a garden designer/CAD technician who is looking to develop broader landscape design skills.

Based in Notting Hill, Cameron Gardens specialises in designing, building and maintaining top end private and commercial outside spaces, countrywide and internationally. As part of the company's development we are looking to recruit a full-time technician/designer to join our vibrant studio. The successful candidate will need strong VWX/Autocad, Sketch Up and 3D visuals, written and verbal communication skills, have some understanding of construction and be both self-motivated and a team player.

Role and responsibilities:

- Support Senior design team
- Excellent CAD skills – VW and Sketchup, although happy to consider applicants who have experience with AutoCad as they can transfer to new software
- Interpreting architectural drawings and importing them
- 3D visuals - Sketchup and Photoshop, 3D render softwares
- Produce moodboards and design presentations
- Construction drawings detailing
- Surveying site
- Meeting minutes, good organisational skills
- Produce schedules and specifications
- An understanding of the principles of CDM

The successful candidate will:

- Enjoy working in a fast moving, dynamic and professional atmosphere
- Have 2 years in Architecture / Landscape Architecture / Garden Design practice
- Ideally have experience working on multi-disciplinary design teams, particularly commercial/large scale projects

Skills looking to develop:

- Concept design
- Planting knowledge
- Material palette and applications
- High end domestic and commercial project experience

Salary: 23k-30k dependant on experience

Holiday: 25 days paid holiday per annum
